

Disclaimer for the researches of OTP Global Markets

This publication qualifies as an objective or independent explanation, i.e. investment research, under Commission Delegated Regulation (EU) 2017/565 and as an investment recommendation under Regulation (EU) No 596/2014 of the European Parliament and of the Council. OTP Bank Plc. will distribute the publication among its clients and/or publish it on its website.

The publication is based on publicly available sources widely believed to be reliable. For more information about the identity of the persons involved in the preparation of the publication, the data, facts and information used, please contact the staff of OTP Bank Plc. Although this publication was prepared in good faith from sources that OTP Bank Plc. believes to be reliable, OTP Bank Plc. assumes no warranty, guarantee or obligation of any kind that the information contained herein is accurate or complete. The opinions and estimates expressed in this publication are based on publicly available information and reflect the professional judgement of OTP Bank Plc's employees at the time of publication, and are subject to change without notice. Also, there is no guarantee that any market development will be as forecast. You may also receive a different recommendation from OTP Bank Plc's staff, in particular if you use investment advisory services on the basis of an investment advisory contract.

The publication reflects the prevailing market situation at the time of its preparation, but the information herein is solely provisional and may change in line with market conditions and circumstances. OTP Bank Plc. shall not be liable for any direct, indirect, financial, economic or consequential loss or damage of any kind, regardless of whether caused by the negligent act or omission of OTP Bank Plc., in connection with the information contained in this publication, provided that such limitation of liability shall not apply to liability which cannot be excluded or limited by applicable law.

This publication does not provide a comprehensive analysis of the issues described or raised in the paper, but is for information purposes only. No part, chapter or whole of this publication should be regarded as investment advice, even if any part of it contains a description of a particular financial instrument in terms of its potential price or return expectations and the related investment opportunities. This publication should not be regarded as legal, tax or accounting advice.

OTP Bank Plc. has established appropriate internal regulations regarding (i) the personal transactions and trading of financial analysts and other relevant persons, (ii) the physical separation regarding financial analysts and other relevant persons involved in the production of investment research and the definition of information barriers, (iii) the acceptance and management of incentives and benefits.

OTP Bank Plc. has a detailed conflict of interest policy and register, as well as regulations on the transfer of banking and securities secrets, which constitute effective internal organisational and administrative arrangements and information barriers to prevent and avoid conflicts of interest. The remuneration of the persons involved in the preparation of the publication is not directly linked to transactions carried out in the context of investment services as defined in Sections A and B of Annex I to Directive 2014/65/EU or to transactions carried out by them or by another legal entity belonging to the same group, trading fees received by them or by another legal entity belonging to the same group.

Please be informed that, notwithstanding the provisions of this publication, OTP Bank Plc. is entitled to trade, in good faith and in accordance with the usual market making practices, or act as a market maker in relation to the financial instrument(s) traded by the issuer(s) and to provide other investment services or ancillary services and/or other financial or ancillary financial services to the issuer and other persons.

This publication cannot be relied upon as basis for any further analysis of the financial instruments referred to herein. Where the publication refers to the future marketing of any financial instrument, it is for indicative, preliminary and informative purposes only and the analysis of such financial instrument is based solely on the public information contained in the relevant prospectus or announcement. Nothing in the present publication constitutes OTP Bank Plc. acting as agent, nominee or otherwise for or on behalf of any prospective investor seeking to invest in the financial instruments described in this publication.

The products and/or services included in this publication may not be available to certain individuals, or their access to such products/services may be restricted. The preparation, uploading to the website and disclosure of the publication by OTP Bank Plc. may not be construed, under any circumstances, as an intention on OTP Bank Plc.'s part to make available information pertaining to the products and/or services contained in the publication to persons in

whose respect any country or state bans or restricts the use, purchase or advertising of the aforementioned product and/or service. The publication and the financial instruments and information contained therein are not intended for private investors in the UK and the US. OTP Bank Plc. is not allowed to provide direct investment services to US investors.

The publication contains general information and knowledge and does not take into account the individual, specific needs, circumstances and objectives of each investor, their financial position or their risk tolerance and risk appetite, and therefore, in the absence of a personal recommendation, it does not constitute investment advice, a solicitation, an investment promotion or a marketing communication. Therefore, in case of any questions, please contact our staff or refer to your bank consultant before making an investment decision. Individual circumstances are assessed and taken into account by means of suitability and appropriateness tests to assess the financial knowledge, experience and risk-bearing capacity of clients, as well as by examining the target market.

The information in this publication is not exhaustive. Further detailed information on the products and services mentioned in the publication, which are distributed by OTP Bank Plc. and available to OTP Bank Plc.'s customers, can be obtained at the branches of OTP Bank Plc. and on the website www.otpbank.hu. Please read carefully the documentation, prospectuses, policies, contractual terms and conditions, notices and lists of conditions relating to the product or service before making an informed decision on the investment or service you wish to use, and carefully consider the subject of your investment, the risks involved, the fees and costs involved, the possibility of loss, and the tax laws relating to the given product or investment. The price of financial instruments and securities is subject to change, and spot sales may be made at the current exchange rate, which may even result in exchange losses. The information and opinions contained in this publication are not intended to replace or substitute the issuance documentation (e.g. prospectus, management regulations), product brochures and announcements relating to the financial instruments concerned.

The risk of specific individual decisions and investments made on the basis of this publication shall be borne by the client, and OTP Bank Plc. shall not be held liable for the effectiveness and profitability of the investment decisions, the achievement of the objective set by the client, nor for individual investment decisions made on the basis of the analysis or any part thereof, or their consequences. All investments involve certain risks that may affect the performance of the investment decision and the investor may not receive the amount of money they had invested or expected to receive, and may even lose the capital invested, lose the full amount or incur a payment obligation in excess of the amount invested.

Trading in leveraged products such as foreign exchange (FX/Forex) or equity or index products carries significant risk and is not suitable for all investors. Leveraged trading also has the potential for total capital loss or losses in excess of the invested capital.

In accordance with applicable legal regulations, OTP Bank Plc. assumes no liability, obligation, warranty or guarantee for any direct or indirect damages (including losses arising from investments), costs or expenses, adverse legal consequences or other sanctions (including punitive and compensatory damages) suffered by any person or entity as a result of the purchase or sale of the financial instruments or the use of investment services described in the analysis, even if OTP Bank Plc. has been advised of the possibility of such events.

The data or information refers to past returns or changes. Past information will not serve as a reliable basis for conclusions concerning future yields, changes, or performance. Changes in

the money and capital market situation, price fluctuations, and the evolution of investments and their returns are influenced by a combination of factors, among which the changes in investors' expectations is a significant factor. The development of exchange rates, future returns on financial instruments, indices or indicators, changes in these, as well as trends and future performance are based on estimates and forecasts, from which it is not possible to draw reliable conclusions regarding the future development of exchange rates, actual future returns, changes or performance. With regard to individual products and services, please also consider their implications and other tax consequences on tax treatment which can only be determined taking effective regulations and the individual circumstances of the client into account. These circumstances are subject to changes in the future.

OTP Bank Plc. reserves the right to change the content of this publication in the future without prior notice.
